About me

I am a web developer with hands-on experience in building functional, responsive, and user-focused websites. I combine technical knowledge with design thinking to create engaging online experiences. I'm eager to contribute to real-world projects and continue growing as a developer.

Experience

Sep 2024 - Feb 2025

Web Developer

DevCodic - Panabo City

- Gained 6 months of real-world experience in full-stack web development
- Built and maintained web projects using Laravel, RESTful APIs, Vue.js, Livewire, and Filament
- Developed dynamic user interfaces and implemented backend features
- Designed and managed data-driven admin panels
- Applied modern web standards and followed MVC architecture
- Collaborated in a team environment using Git for version control
- Tested and debugged APIs effectively with Postman

Volunteer – Game App Pitching Event

May 2023

Mapúa University – Mindanao Campus

- Competed in the Game App Pitching competition at Mapúa Mindanao
- Collaborated in a team to design and present an original game concept
- Contributed to game development and pitch presentation
- Represented the team during the live Q&A session with judges
- Secured a Top 5 placement out of multiple competing teams

Tools

- Git & GitHub
- VS Code, Figma
- Postman
